Something that really sets THE DAKOTA FARMER off from other farm publications is its regular LIVESTOCK SECTION, LIVESTOCK FIELDMEN, RAY LARSEN and DERALD HOLT are available to help you with your LIVESTOCK ADVERTISING program and SALE RING service. Both Ray and Derald will also keep you informed on current happenings in the livestock business through their DAKOTA LIVESTOCK NOTES column. In addition to their column, they will list purebred sale dates and results of major sales.

Because of Ray and Derald's LIVESTOCK and AGRICULTURAL experience, they can be of great VALUE to your BREED PROMOTION program.

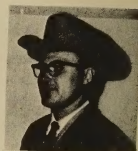

The LIVESTOCK SECTION also features associate editor GARY MORAN'S regular column about horses, saddle club activities and rodeo events. If you are interested in horses, this column is for you.

This bull is a brother to Lady Regent Onward 182. Shane Bush showed her at the following shows where she won these top honors: Grand Champion Heifer in the 4H and FFA Show and Reserve Grand Champion Female in the Open Class Hereford Show, both at the Clay County Fair at Spencer, Iowa. Shane also showed her at the American Royal in Kansas City where she was Grand Champion Female in the Junior Show. We feel that the Regent Onward 446 breeding is carried through in this bull which we are selling.

One of the most outstanding individuals we have consigned to date. Second in class at the National Western in Denver and a member of the winning three bull group. A member of the undefeated two and three bull groups and Get of Sire this past summer. By Meadow Lane Monarch, 3rd in the Sire of the Year contest. A great pedigree also on the dam's side. Backed by the foundation cattle of the Angus breed. Without a doubt one of the top bulls to be offered at public auction this season. A real herd bull for anyone.

Prince of K31 and Prince of K33 are a pair of bulls with plenty of size and weight for age. The 31st had an adjusted weaning weight (205 days) of 528 lbs. and the 33rd weighed 541 lbs. They are bred much the same, being sired by our good Scottish Prince bull and their dams by the Enoch and Bob bred bull.

A long, straight lined, deep bodied bull and is very sound on his feet and legs. His sire, H Balinesian, was bought in dam and has been a uniform breeder of both bulls and females, which get a little more size. The dam has produced several bulls that have gone out in breeders herds and done a good job.

This is one of my boys' 4-H heifers and has been a very good doing heifer. This strain of cows has been a very good producing line which seems to have the efficiency and quality we are all trying to get in our cattle. Has the Ermitre style plus plenty of bone, width from end to end and stands on a square set of feet and legs. Bred to our outstanding M & Q Hyland Marshall 9446 bull, which should make her a valuable female.

The above bulls' half brothers were champion pen of three bulls at the last National Western in Denver. He had a 545 lb. weaning wt. and 1013 lb. yearling wt. on limited feed. Terms and Conditions

In addition to the terms and conditions listed earlier in the catalog, the following is also in effect for the Holstein Sale.

CERTIFICATES: Each animal is recorded, or will be recorded, in the Herd Book of the Association. The certificate of registry with recorded transfer will be furnished by the seller to the purchaser free of charge.

WARRANTIES:

1. Each seller warrants clear title to the animal and right to sell the same.
2. Unless otherwise announced from the auction stand, each animal is sold as sound.
3. (A) Bulls: Are sold as being able to serve and settle after reaching 14 months of age. The buyer is expected to provide reasonable care and feeding. Should the bull prove to be a non-breeder, the buyer shall notify the seller within 4 months after the bull reaches 14 months of age. The seller shall then have 6 months to prove the bull to be a breeder. In no case shall the seller be responsible for more than the selling price.
4. (B) Females: Any female pregnant when sold or that has freshened normally within 60 days prior to the date of the sale is by that fact considered a breeder. Should any other female not pregnant when sold fail to become pregnant within 6 months of sale date, or if less than 15 months old when sold by the time she reaches the age of 21 months, after having been bred to a bull known to be a breeder and after having been treated by a licensed veterinarian, the matter shall be reported in writing to the seller who shall then have the privilege of 6 months time in which to prove the animal a breeder before refunding the purchase price. Females bred when sold are presumed to be pregnant but pregnancy is not guaranteed. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full time. In no case shall the seller be responsible for more than the sale price of the animal.
5. Above warranties cease when the animal is disposed of by the original purchaser.
6. Transportation charges on all animals subject to adjustment shall be paid by the shipper.

This undoubtedly is the finest bull we have ever brought to the Sioux Empire. His great sire, MGM Kyle 438M, was Grand Champion at Fort Worth, Texas in 1964. His mother, Miss FWT Cotano 066 produced the Grand Champion heifer at Calgary in 1967, that heifer we later sold for \$5,000. This is definitely herd bull material in this bull. I'm sure you will like this entry very much.

He was Grand Champion at South Dakota Fair in 1966. He sired the Reserve Champion heifer calf at last year's Sioux Empire. She was the top selling heifer on record at the Sioux Empire, selling at \$2050 and being only a calf. A half brother to this sale bull was Grand Champion bull at both North Dakota State Fair and South Dakota State Fair. This sale bull carries a lot of bone and thickness and has a good hair coat.

She had the highest weaning weight of all the heifer calves. She looks like the heifer that was Grand Champion at the Sioux Empire in 1967. She sells bred to our French Bull, Bacchus. She was bred September 27, 1968 to Bacchus, the bull that weighed 2400 lbs. at 29 months. Bacchus is undoubtedly the largest and heaviest boned bull to come to North America in the 1967 Importation from France. Look this fancy heifer over at the sale. W H Jeanette 729 sells bred to our pure French herd sire, FACC0 C09 1465-67. This heifer had an excellent 205 day weight of 641 lbs. '729' comes from one of our highest producing cow families, the Halifax line. Two of her full sisters have sold in The American Royal Charolais Sales in Kansas City, Mo., one in 1966 and one in 1968. The heifer pictured above, WH Halifax 635, who is '729's' full sister just one year older than herself amassed a rather impressive string of showing winnings. Standing first in her class seven out of eight times with two Junior Championships and one Reserve Grand Championship to her credit, '635' was defeated only once. At the 1968 American Royal in Kansas City '635' stood 4th in the strong Senior Yearling Class of the largest Charolais show in the United States.

FACC0 C09 1465-67

"C09" is the service sire for the Hannah Charolais Ranch

AGRICULTURE COMMUNITY.

"PARTNERS IN AGRICULTURAL PROGRESS"

The annual SIOUX EMPIRE FARM SHOW is but one of the many agricultural activities sponsored each year by the Sioux Falls Chamber of Commerce.

Realizing the importance of agriculture to the economy of our city, the Sioux Falls Chamber of Commerce has sponsored the National Plowing Contest, the National Cornpicking Contest, Land Judging Schools and we give full cooperation to the Sioux Empire Fair, Soil Conservation Programs and many other activities related to the most important industry in our state—agriculture.

Our city is no better than the agricultural area surrounding it. Our constant purpose will be to always maintain a close working relationship with all interests to upgrade farming methods and income in our state, area and all America.
